

	SOCIAL POLICY SANTA MONICA SUITES HOTEL
--	---

SANTA MÓNICA SUITES HOTEL is involved in contributing to improve its social environment wellbeing by generating opportunities for economic and social development.

Our compromise with our local community follows the down mentioned principles:

- To look for the way of generating **sustainable prosperity and development** in Gran Canaria by respecting and fomenting our culture, traditions and values.
- Equal conditions by prioritizing **local staff hiring**, and acquisition of local goods and/or services.
- To collaborate, if possible, to **social entities** through donations and other initiatives.
- To promote the Fundamental Human Rights, and in particular Infant Rights, by rejecting, supressing and condemning any kind of exploitation, especially sexual exploitation and particularly when it affects minors.

To carry through our policy and achieve our goals is absolutely necessary unconditional support from all our staff, which is manifested through firm and constant commitment with our company's Human Resources management.
